Code Book

Getting and Cleaning Data

Objective – Detailed description of R code has already been described in Read.md file.

Variable Description-

1) Activity_labels, features ,Subject_test, x_train,x_test,y_train,y_test are used to store the downloaded data.
2) Test and Train data are stored under the title "test" and "train" respectively.
3) Training and test data are combined under – Data_Final
4) Summary_stats is used to store final output which will be later used to create tidy.txt file
